

Pre-Anesthesia Consent Form

Owner's Name _____ Date _____

Pet's Name _____

Procedure to be Performed _____

Phone # Where you can be reached today _____

ALL VACCINATIONS MUST BE CURRENT – PROOF IS REQUIRED

PLEASE READ CAREFULLY AND SIGN BELOW

Your pet is in for anesthesia/surgery and should do fine. We will perform a full physical examination on your pet before administering the anesthesia. However, we highly recommend a pre-op blood profile to be performed for the purpose of ensuring your pet to be in low risk category during anesthesia.

By performing this important pre-op blood profile, we will be able to rule out any pre-existing internal problems that may not be evident physically but could lead to serious complications. There is an additional charge for this important procedure. *****BLOODWORK IS REQUIRED FOR PATIENTS 7 YEARS AND OLDER*****

PRE-ANESTHETIC BLOOD TESTING This makes sure the liver and kidneys are healthy enough to handle anesthesia during surgery.

\$63.00 (Please initial your choice) _____ YES _____ NO

Prepare for a disaster. Very few lost pets find their way home without permanent identification.

We can implant a MICROCHIP while your pet is sedated, which you will register with a national database.

HOME AGAIN MICROCHIP IDENTIFICATION

\$43.00 (please initial your choice) _____ YES _____ NO

ANESTHESIA CONSENT

I do hereby authorize Roland Veterinary Clinic to perform a procedure requiring general anesthesia on my pet. I am aware of the risks involved and release Dr. Garth Robinson DVM and/or Dr. Theresa Humphreys DVM or any trained/certified employee at Roland Veterinary Clinic from any legal and financial responsibilities arising from anesthetic complications.
